- 1. Install and Configure PCS Service for Plugins if not done.
- 2. Stop PCS Service if it is running.
- 3. Remove Existco.Plugins dll in the **Plugins** folder if existing.
- Install Existco.Plugins by running the MSI Installer. It is defaulted to this location: C:\Program Files (x86)\Existco Pty Ltd\Plant Control System Service\Plugins\Existco.Plugins\

😸 Existco.Plugins Setup		_		\times
Select Installation Folder This is the folder where Existco.Plugins will be installed.		9	X	-5
To install in this folder, click "Next". To install to a different f "Browse".	folder, ente	r it belo	w or click	
Eolder: C:\Program Files (x86)\Existco Pty Ltd\ <mark>Plant Control System</mark>	Service1	E	rowse
